

SCHONSTEDT S INSTRUMENT COMPANY

GA-52CX

The GA-52Cx Locator detects the magnetic field of iron and steel objects and energized power lines. Both provide audio detection signals that peak in frequency when the locator's tip is held directly over the target.

**No. 1 Around the World
in Performance and Reliability.**

Only two Controls

Designed for one-hand operations, the On/Off-Sensitivity and Volume controls are located on the underside of the cover on both locators. This provides easy access, protects the knobs and contributes to their overall ruggedness and dependability.

SCHONSTEDT S INSTRUMENT COMPANY

MAC-51 BX

The MAC-51Bx – the most cost-effective, all-purpose locating system on the market – consists of a magnetic locator, similar to the most popular GA-52Cx model, and a null-over-target pipe and cable locator capable of locating on two frequencies: 571Hz and 82.5kHz.

The receiver has a three position switch that lets you change modes, "on-the-fly", between LO, HI, and MAG, for cable and line tracing with break locating, pinpointing a ferrous metal target, or identifying and pinpointing an energized 50/60 Hz power line.

TRACEMASTER

The TraceMaster II® is the professional's choice for locating pipe and cable, but you don't have to be a pro to use it. So even if you only have an occasional need to find pipe and cable underground, keep a Schonstedt TraceMaster® in your kit.

Versatile

Finds telephone, cable TV, and fiber optic lines, AC power lines, water and gas pipes

Easy to Use

Simple operation: 2 buttons, 2 knobs.
No transmitter settings required

Reliable and trouble free

Three year warranty (longest in the industry). No periodic calibration required, as with most pipe and cable locators.

PL-920

Pipe & Cable Locator

PL-2000

- Works GREAT with MAG NAILS, MAG HUBS and MAG SPIKES!
- Setting new industry standards.
- Find those survey markers that you couldn't find before.
- Keypad switches, no knobs to break off.
- Best value for you money.
- Lifetime warranty. Also available 1 foot Extension for the Pipe Mic

Manufactured by: ChrisNik, Inc.

MAGNETIC LOCATORS

Designed for the "occasional" user who needs a simple and easy to learn locator; yet good enough to handle most locates. Especially useful for contractors who dig in the ground and want to verify someone else's marks.

PIPE AND CABLE LOCATORS

The PL-2000 Pipe and Cable Locator offers a new approach in high power, low frequency locating. With three active frequencies, two passive frequencies, four modes of operation, and both inductive and direct connection capabilities, the PL-2000 is powerful and versatile, but still surprisingly easy to use and cost effective frequencies simultaneously in the "Direct Connect" mode.

LD-7 ECONOMY LEAK DETECTOR

- Economical price
- High quality, rugged, and extremely portable
- Fits in the palm of your hand for single hand operation
- Highly sensitive microphone and improved stress relieved cable with patented wind noise dampener
- ABS injection molded carrying and accessory case
- 2 month warranty
- LD-12 Professional's PLUS
- Amplifier with analogue meter display and filter controls
- Highly sensitive, patented ground microphone and handswitch
- Super magnet for steel and iron pipes and hydrants
- Aviation-grade stereo headphones
- Three-section connecting rod for listening in earth or other soft areas
- Heavy-duty ABS plastic carrying case
- 5 year warranty
- * "Pass-Thru" switch to hear all sounds with no filtering

MAGNA-TRAK® 101 MAGNETIC LOCATOR

The Value-Priced Standard! Our low-cost Magna-Trak 101 magnetic locator provides excellent field performance at a budget price! It features quick-action, control knob operation to adjust sensitivity and volume.

The Magna-Trak 101 magnetic locator is a streamlined version of the Magna-Trak 100. Features all the same components as the Magna-Trak 100, minus the LCD meter display and membrane switch. The operation of this locator is dependent upon only two rotary control knobs: sensitivity and volume.

MAGNA-TRAK® 100 MAGNETIC LOCATOR

The Original! The Magna-Trak 100's LCD indicator offers a digital bar graph display, in addition to a standard audio tone, to precisely identify the target object, especially in noisy, congested areas. An additional feature is a visual reminder when batteries are low.

The lightweight Magna-Trak 100 features simple, waterproof bottom, push-button membrane pad operation with an ergonomic design. The Magna-Trak 100 offers easy battery access and outstanding battery life, and is backed by a five-year warranty.

MAGNA-TRAK® 102 MAGNETIC LOCATOR

Feature-Packed for Versatility! The Magna-Trak 102 magnetic locator provides the same basic performance features as the Magna-Trak 100. However, with the addition of our push-button "erase" feature, greater flexibility is achieved and performance is enhanced.

The Magna-Trak 102 locator also includes a power line indicator feature. The LCD panel visually indicates that a power line is present. CAUTION: This feature is an aid only and is not intended for locating buried power lines.

19-558	Magna-Trak 102 w/ soft case	805.00

CST/berger

MAGNA-TRAK® 200

- Digital readout and bar graph allow you to locate visually
- Used with audio tone allows for pinpoint accuracy, even in congested search areas
- Segmented battery level indicator means no power loss surprises
- Indicator cautions when detecting a power line
- Lets you block out interference from a magnetic disturbance (such as a nearby fence)
- Lets you adjust volume and sensitivity with the same hand that holds the locator
- No mechanical controls – membrane is sealed from dust and moisture
- Enhanced to produce a richer tone for easier locating.
- Lightweight (only 3 lbs.)
- Water-resistant housing permits use in the rain
- Ergonomic handle with textured grip
